October News Letter

Vol. 3

Remote Learning Update

Project Search CDH interns continue to participate in online learning before they enter their internships for the day. Every morning the interns love to work on their mental health by doing Zumba, guided meditation or chair yoga.

Internship Update

Project Search CDH interns have been working at their internships for over a month. We have focused on time management and professional behavior this month. Interns had their second Employment Planning meeting on October 26-27th.

Intern Shout out!

Staff Shout out!

Devin G

Devin interns in Patient Access. As we have gotten to know Devin, he has shown tremendous growth in the month that he has been in his internship. Devin has picked up his tasks quickly, listens to his job coaches and his working every day towards his goals. Devin has good participation in class and enjoys our daily dance warm ups!

Michaela

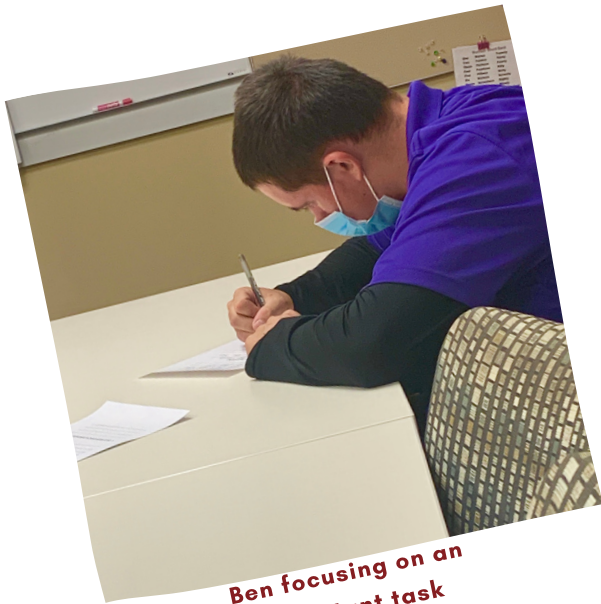

Our fearless leader deserves the staff shout out this month. Michaela works tirelessly to ensure our interns are getting the best possible program. Michaela provides support to the Project Search staff and our interns. We will miss Michaela while she is on maternity leave next month. If you see her, make sure to wish her luck as she enters into motherhood.

HAPPY HALLOWEEN
