

# CONGRATULATIONS

## to our 2017 Project SEARCH students!

The DuPage County Project SEARCH program celebrated its 3rd successful year at a graduation ceremony on June 1, 2017 at Northwestern Memorial/Central DuPage Hospital. Parents Alliance Employment Project is a proud partner of the program, providing real-life work experiences through internships at Central DuPage Hospital.

The goal of the program is to help young adults make successful transition from school to productive adult life through employment training. All the students that graduated from our program this year did so with 100% job placement!!

## Way to go Project SEARCH team!

Project SEARCH operates through a collaborative effort between Parents Alliance Employment Project, Northwestern Medicine/Central DuPage Hospital, the School Association for Special Education in DuPage county, the Division of Rehabilitation Services, the local Workforce Investment and Opportunity Act and local high school districts 94 and 200.

Project SEARCH staff at PAEP, from left to right, Employment Specialist Shannon McCabe, LEAD Skills Trainer Hailey Mankivsky and Assistant Lead Skills Trainer Ashley Walsh.
